A CHAIR FOR EVERY PURPOSE . . .

CHAIRCRAFT products fill a definite need in modern life and decoration. They offer the many advantages of aluminum furniture—strength, durable lasting service, cleanliness and economy—in combination with genuine beauty of design and construction.

This two-way value is more than a happy stroke of luck. It is a direct result of years of planning and sound technical organization.

Our successful experience enables us to produce furniture of superior quality at very attractive prices. Every day, comparative tests convince the impartial buyer that CHAIRCRAFT means extra value, dollar for dollar.

For the fresh sparkle of clean, modern lines . . . for true harmony in any decorative scheme . . . for furniture that is scientifically designed for comfort and built to last . . . be sure to specify the name. Always ask for CHAIRCRAFT.

PATENT OFFICE

OCT 28 1949

DESIGN DIVISION

Durasol SUPPORTED PLASTIC

DURASOL has all the qualities considered of first importance in an upholstery covering where a fabric backed material is desired: Durability, Beauty, Easy Washability and Fire-Resistance.

The Masland Duraleather Company presents Durasol plastic coated leather fabric which is especially designed for upholstering that will command consumer preference.

DURABLE — possesses a very remarkable resistance to flexing, abrasion, scuffing and fading, as has been proven by extensive laboratory testing and will give superior service where fabric backed material is desired.

COLORFUL — Durasol is offered in a variety of beautiful colors, grains and finishes.

WASHABLE — Dust, grime, spills, smears and most stains wash off easily with soap and water. It is impervious to alcohol, water, grease, perspiration, ordinary acids, caustics, and resistant to most stains.

FIRE-RESISTANT — Durasol offers a fire-resistant type of coating.

DURASOL quality is backed by over 30 years of Masland Duraleather Company's experience in manufacturing quality upholstering coverings.

Duran ALL PLASTIC

BEAUTIFUL COLORS, GRAINS AND FINISHES

Styled for furniture, panels, walls, to achieve distinction in interior decoration. A wide variety of beautiful colors.

WITHSTANDS OUTDOOR EXPOSURE

Non-crocking color fastness has been fully demonstrated under varying climatic conditions.

CLEAN AS EASILY AS A CHINA PLATE

Lighter colors are practical as well as appealing. Soap and water restore DURAN'S original beauty.

HARD-WEARING AND SCUFF-RESISTANT

Defies hard wear. Withstands unusual amounts of surface abrasion and flexing without visible failure.

ENTIRELY A PLASTIC

DURAN is all-plastic, not a coated fabric — it will not chip or peel.

RESILIENT, EASY TO TAILOR

Extraordinary flexibility and resiliency. Even on soft cushions, DURAN retains its tailored smoothness.
